

The Shape of Things to Come

In our ongoing effort to provide the most efficacious and efficient **green cleaning** products, we are excited to introduce the **New Gooseneck Bottle** for our **GTC™ Greening The Cleaning® DIN 8 Clinging Toilet Bowl Cleaner**. The angled neck and easy-grip shape allows for more precise application resulting in less waste and cost savings.

Inside the new bottle is the same safe, powerful cleaner that cuts through scale, rust and stains without harsh acids, harmful fumes or vapors. This **EcoLogo Certified** cleaner can be used in toilet bowls and urinals as well as sinks, showers and tubs. **Available Now!**

The award-winning **GTC™ Greening The Cleaning®** products are used in hospitals, schools, government agencies and businesses nationwide. To the greatest extent possible, **GTC™** products contain naturally-derived ingredients that deliver the maximum level of efficacy at the least level of toxicity. 100% of all profits from our institutional products go to The Deirdre Imus Environmental Health Center® for supporting the **GTC™ Greening The Cleaning®** program in addition to funding education and research to identify, control and ultimately prevent toxic exposures in the environment that threaten our children's health.

Please feel free to contact our **GTC™ Greening The Cleaning®** team with questions and comments at 551.996.8047. Visit www.dienviro.org for more information on the **GTC™ Greening The Cleaning®** program, product standards and the latest green cleaning news.
